

With Protex Central, protection is what you pay for and peace of mind is what you get by Protex's offerings of inventive and practical solutions to diverse security needs. It's a hallmark of Protex Central!

From simple residential security systems to complex wide-area networked based card access control systems,

Protex Central's expertise is always applied to provide effective protection.

Protex Central features premier manufacturers such as Brivo, DMP, Honeywell and Interlogix.

UL Listed Fire Alarm Installation Contractor

Protex Central is listed with Underwriter's Laboratories as a fire alarm installation contractor. Protex Central voluntarily participates in this independent, third party verification service. UL listing is an owner's assurance that the listed contractor has demonstrated and maintains a performance capability to design, install and maintain fire detection and alarm systems in accordance with applicable codes and standards.

NICET Certified Fire Protection Technology Technicians

In addition to maintaining required local alarm licenses, many of Protex Central's system designers and technicians voluntarily submit to certification testing administered by the National Institute for Certified Engineering Technicians in the field of fire protection technology. NICET certification is an owner's assurance that the individuals designing, installing, programming and servicing the fire suppression systems have met a written test and field experience standard along with meeting continuing education requirements.

Code Compliant Inspection & Maintenance Services

Periodic system inspection and maintenance services are the cornerstone of Protex Central's business.

Custom-tailored agreements are available from simple inspection-only services up to complete full service maintenance service agreements. All inspections are performed in accordance with the applicable local standards as well as those of the National Fire Protection Association. All

NFPA MEMBER Protex Central inspection customers may participate in the Preferred Customer Discount Program. This program allows customers to take advantage of additional discounts and, coming soon, access to on-line inspection records.
